

## Cross Lake Weir

LOCATION: Cross Lake, MB  
PROJECT DATE: 1990-1991  
PROJECT VALUE: \$ 10,000,000  
JOB DURATION: 2 Years  
CLIENT: Manitoba Hydro  
CONTRACTOR: Cross Lake Constructors Ltd.

### PROJECT DESCRIPTION:

Vector Construction Group, as managing partner of Cross Lake Constructors Ltd, constructed a rock fill weir at the outlet of Cross Lake. This weir restored water levels affected by a generating station constructed upstream by Manitoba Hydro. This project involved barge access, drilling, blasting and placing rock fill to form rockfill structures. All work was conducted in an environmentally sensitive area. A major component of this work involved training local people to operate construction machinery. The project was completed utilizing 92% local aboriginal people.
